FOR IMMEDIATE RELEASE: *September 7, 1006*

SOUTH LAKE TAHOE, CA –

The Board of Education of the Lake Tahoe Unified School District cordially invites the community to attend an Open House at the new Independent Learning Academy, 1100 Lyons Avenue, South Lake Tahoe on Wednesday, September 13, 2006 from 4:00 to 6:00 p.m.

The Independent Learning Academy was established to meet the needs of independent learners and to provide a flexible school schedule, freeing students to pursue other avenues of study or work.

The ILA is for students enrolled in college prep high school classes, elementary and middle school home-schooled students, and other independent learners. It offers a new option to families who wish to home-school their children and students who wish to work independently some extra assistance from highly-qualified teachers. The program offers personalized curriculum, blended academic, athletic, and extracurricular activities, online courses, and tutorial support. If you are looking for an alternative to our traditional public schools, come and see what the Independent Learning Academy can do for your student!
