Re: Board of Education Meeting August 10 and District Newsletter

Hello LTUSD friends and families.

August is here - let the countdown begin! We are so excited to welcome students and staff back to school in-person, full-time, on Monday, August 30. We've been very busy preparing for the new school year, working to implement innovative educational programs, career exploration experiences for all grades, and optimal learning modalities, all with a focus on discovering talents and nourishing young minds and bodies. The school sites are already buzzing with rejuvenation and excitement for the start of the year. The future is looking bright!

On another reality, while we continue to monitor CDPH guidance for schools, as well as local COVID data, it does not appear that rules will become less stringent as we get closer to the start of the year. At this time masks are mandated for staff and students while indoors (including busses). And as well, the District will continue its intensive cleaning and disinfecting routines as well as maintenance of the robust air filtration systems at all school sites. With the <a href="surge of local COVID-19 cases">surge of local COVID-19 cases</a>, the District remains steadfast in our efforts to slow the spread of the virus in our community.

Attention all Parents: Assembly Bill 104 Grade Change, Retention, Exemptions information for the 2020/21 School Year can be found on the District website. AB104, passed in July 2021, allows parents/guardians and adult students to request that high school (9-12) grades earned during the 2020-21 school year be changed from a letter grade to Pass or No Pass. Other allowances for grades K-12, including retention and exemptions are included in AB104. To request a grade change, retention, or other allowable exemptions under Assembly Bill 104, click here for forms and information.

Parent Square Communications The district is excited to announce that we have moved to a new school-to-home communications platform called ParentSquare. The former system, Aeries SignalKit, merged with ParentSquare and the district has had to transition accordingly. If you have not already done so, please click on the link you received in this email to activate your account, change your settings, allow texts, and download the app.

<u>Kid Zone Early Bird Childcare</u> Program for Grades TK-5 will be offered at all elementary schools in the next school year. Kid Zone incorporates exciting, activity-based experiences in all subjects as well as games and physical activities.
