

Resolution No. 2016/17-10  
LAKE TAHOE UNIFIED SCHOOL DISTRICT  
**PROCLAMATION**

**WHEREAS**, Dr. Larry Green was first elected to the Board of Education of the Lake Tahoe Unified School District in 2007 and was re-elected for an additional term in 2011, dutifully serving a total of nine years.

**WHEREAS**, Dr. Larry Green is a full-time mathematics and statistics instructor at Lake Tahoe Community College since 1996. Dr. Green received his Bachelor's in mathematics at UC San Diego, earned his Ph.D. specializing in algebraic geometry at UCLA, and is fluent in Japanese.

**WHEREAS**, Dr. Larry Green has played a vital leadership role in the operation and success of the District by providing a clear, shared vision of public education, setting high standards, creating learning opportunities for every child to achieve success, and building collaborative relationships based on trust, integrity, and teamwork.

**WHEREAS**, Dr. Larry Green genuinely cares about the success of each individual student and thus, demonstrates patience, guidance, and understanding, both as an instructor, and as a conscientious Trustee who carefully considers his decisions, and evaluates programs and policies, to ensure that they are "good for kids." As further evidence of his passion for families and community, Dr. Green attends numerous school functions and fundraising events. He is an enthusiastic supporter of the arts, music, technology, athletics, and mathematics. He is an avid naturalist and conservationist whose strong conviction for environmental health inspires him to walk instead of drive whenever possible; to advocate for reducing one's ecological footprint; and he models these ideals in innumerable ways, for future generations. He is the embodiment of "thinking globally and acting locally."

**WHEREAS**, Dr. Larry Green's expertise in mathematics and economics assisted LTUSD in ensuring that \$64.5 million Measure G bond funds were expended in an environmentally and fiscally responsible manner. He spent a tremendous amount of time working collaboratively with his fellow Board members to oversee the Measure G infrastructure improvements; development of Career Technical Education programs; advancements in District-wide technology; and many other program implementations, in furtherance of the educational vision this community wants for its children.

**WHEREAS**, in addition to Dr. Green's nine years of service to the LTUSD Board of Education, his many other pursuits include, President of the California School Boards Association, co-chair of the Mathematics Department at LTCC, current chair of the mathematics editorial board of Multimedia Educational Resource for Learning and Online Teaching (MERLOT), led the Math Success Center and Math Club's volunteer tutoring program at LTCC, past president of the California Mathematics Council Community Colleges, honored by the 20 Million Minds Foundation for his efforts in combatting the high cost of college textbooks, activist for Open Educational Resources recently securing a grant for \$50,000 for textbook access, created hundreds of educational videos on YouTube to enhance student learning, and received the Distinguished Faculty Award for outstanding work in the classroom and dedication to students at LTCC in 2015.

**NOW THEREFORE**, I, Barbara Bannar, on behalf of the Board of Education and the entire Lake Tahoe Unified School District, do hereby commend,

**DR. LARRY GREEN**

and express our deepest appreciation for his 9 years of gracious support, dedication, and selfless service to our families, students, staff and community.

**IN WITNESS WHEREOF**, I have hereunto set my hand this 15<sup>th</sup> day of November, 2016 at the City of South Lake Tahoe, California.

  
Barbara Bannar, Board of Education President
